Copyright Notice

The copyright law of the United States (Title 17, U.S. Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy of reproduction. One of these specified conditions is that the photocopy or reproduction is not to be “used for any purpose other than private study, scholarship, or research.” If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of “fair use,” that use may be liable for copyright infringement. Our society reserves the right to refuse to accept a copy order if, in its judgment, fulfillment of the order would violate copyright law.

Research Request Guidelines

The Palatines to America Collection can be researched for you by Palatines to America volunteers. The resources available for searching include 25-yr collection of members; pedigree and immigrant ancestor family group charts, Surname Files of materials from members and non-members, 5000 reference works of history, general and ethnic genealogy, immigration/emigration, geography, travel and foreign language topics (US and European publishers), over 700 published family histories, over 300 serial titles, and unique manuscript collections of United States and European researchers.

There are two types of research requests; a “Quick-Copy Request” and a “Limited Research Request”. The quick-copy request should require approximately 30 minutes to process for mailing ten or few copies from a single source that the Patron has identified. (Seven or fewer if you live in Canada or Mexico.) For the limited research request the researcher will spend a minimum of one hour searching the resources and will then send you a report of findings and suggestions for further research.
